

The Family Haven is a day centre for vulnerable families in Gloucestershire with children under five. We have been providing our services to disadvantaged families for over 27 years, making sure no young family is left isolated and alone, helping them take control of their chaotic lives.

We are recruiting for Trustees to help make a real difference to local families

We are currently recruiting for vacancies on our board of trustees to help guide exciting developments over the next few years.

We are seeking a Chair of Trustees to provide leadership and strategic guidance for the organisation and to act as an ambassador for the charity in the public sphere. Ideally, you would have senior leadership experience with the ability to think strategically, work collaboratively and plan for the long term.

We'd also like to recruit trustees who have expertise in Marketing and Communications; HR and operational management; or Managing Volunteers.

**THE
FAMILY
HAVEN**

Would you like to help vulnerable families to a brighter future?

Reap rewards from supporting our local community

We'd love to hear from you!
